

JUL 11 1989

Mr. Charles M. Mazzilli, P.E.  
Senior Environmental Engineer  
Long Island Lighting Company  
175 East Old Country Road  
Hicksville, N.Y. 11801

Dear Mr. Mazzilli:

On February 17, 1988, I performed a Spill Prevention Control and Countermeasure (SPCC) inspection of your West Babylon and E.F. Barrett Turbine Sites. It was determined that these two facilities appeared to be able to contain releases from their tank truck unloading areas and also the #2 fuel oil and waste oil tank areas.

During the course of the next month, I would like to visit the remaining LILCO sites. These include:

- o Glenwood Power Station
- o E.F. Barrett Power Station
- o Shoreham Gas Turbine Station
- o North Port Power Station
- o Port Jefferson Power Station
- o Far Rockaway

The purpose of this visit is to inspect the containment areas and to perform an extensive review of your SPCC plans for compliance with 40 CFR 112.

Please contact me at (201) 321-6608 for scheduling the above visits, at your convenience. Your cooperation is appreciated.

Sincerely yours,

Charles E. Fitzsimmons
